

“Current Topics: School Health” Spring 2005

Professional Development Opportunity
via the Dakota Digital Network (DDN)

Sponsored by:

*Departments of Education and Health - Coordinated School Health Programs,
and Avera McKennan Hospital and University Health Center, Avera TeleHealth*

Course Summary:

Current school health topics facing our schools and communities today will be included in this eight session series available via the Dakota Digital Network throughout South Dakota. This series will benefit teachers, administrators, counselors, school nurses, food service personnel, parents and other community members. The DDN broadcast will run from 4:30-6:30 pm CST (3:30-5:30 pm MST).

Course Dates and Topics (order of topics subject to change):

- ☐ Feb. 28 Health Standards/PE Standards
- ☐ March 7 Healthy South Dakota Schools: Promoting Healthy Weight
- ☐ March 14 Diabetes in Your School: Students, Teachers and Your Family
- ☐ March 21 School Health - A Guide to Self-Assessment and Policy Implementation
- ☐ April 4 STD's and South Dakota Youth
- ☐ April 11 Mental Health Issues
- ☐ April 18 Meth 101
- ☐ April 25 Why is 'Indoor Air Quality' important to our children?

Registration On-Line: www.southdakotapd.com (select *Health* under Curricular Subject)

Deadline to Register: Friday, February 18, 2005

Course Objectives:

- ☐ Identify and analyze current school health issues for South Dakota youth and school staff.
- ☐ Explain how teachers, administrators, counselors, nurses, food service personnel, parents, and community members can collaborate to improve school health.
- ☐ Identify resources and action steps to effectively address school health issues.

Graduate, Undergraduate and DOE Renewal Credit Available:

- ☐ Graduate and undergraduate credit (1) has been approved from Augustana College (\$50 fee).
- ☐ Teacher renewal credit (1) has been approved from the Department of Education (no fee).

Participants are strongly encouraged to attend *all eight sessions* otherwise credit status will be affected. Sessions are also open to individuals interested in attending selected topics only (not for credit). *More information regarding credits, course requirements, assignments, and attendance policies will be forthcoming at* <http://www.state.sd.us/deca/cscf/schoolhealth/training>
